MEMORANDUM FOR: Chief, Operations Branch, DFD-DD/P

SUBJECT : Personnel for Air Section

REFERENCE : DFD-0431-61

1. Following is the current status of vacancies and personnel requisitions in answer to your referenced memorandum. At this time the Air Section has one vacancy, that being position number 36. Against this vacancy we have the nomination of [REDACTED] whose full clearance is expected before the end of this month.

2. Proceeding on the assumption that the Air Section is receiving three new positions as a result of our recent T/O exercise, we have been advised by the Air Section that [REDACTED] from [REDACTED] (a new nominee from whom we have not yet received FHB's) will fill two positions. This then means that there is one vacant position against which no nomination has been made. This position could be filled by a navigator per your desires as expressed in referenced memorandum. This could be done approximately in July by transferring [REDACTED] from Detachment 2 to Detachment 1 and bringing one of the more senior navigators from Detachment 1 into Headquarters.

3. In order to obtain the second Headquarters navigator this memorandum refers to, it would be necessary to cancel out either [REDACTED] I have a strong feeling that cancelling [REDACTED] at this late date would be a rather unpopular move.
